

Kosciusko County Re-Entry Simulation

Presentation

What is the Re-Entry Simulator?

An event to bring awareness and build empathy

Showcasing the struggles of individuals returning from incarceration

The simulator replicates **real-life scenarios** these individuals may encounter.

Finding employment	Securing housing	Identification
Accessing healthcare	Fulfilling legal obligations like meeting with probation officers	Completing requirements for family reunification
Treatment or therapy requirements	Transportation barriers	Connection to re-entry & recovery services

Goal:

The goal of the re-entry simulation is to foster empathy, awareness, and understanding, while also demonstrating the importance of supportive community resources and services in aiding successful reintegration.

KOSCIUSKO RE-ENTRY SIMULATION

This simulation event immerses participants in the challenges faced by those re-entering society after incarceration. Attendees navigate scenarios related to employment, housing, and Support, fostering empathy and awareness through role-playing and discussions. The goal is to understand systemic barriers and personal hurdles, while promoting community support and strategies for successful reintegration.
